MEMORANDUM FOR: Acting Director of Current Production and Analytic Support, DDI

Director of Data Processing

DD/A REGISTRY
FILE: 50-2

SUBJECT: AIM Evaluation

REFERENCE: Memo to D/ODP, fm D/CPAS, dtd 13 March 83, same Subject (ODP 83-387)

83-1274

1. The Office of Data Processing (ODP) appreciates the opportunity to review the Office of Current Production and Analytic Support (CPAS) evaluation of AIM and the support AIM is being given by CPAS. Please accept our apology for taking so long to formally document the feedback that ODP has been providing CPAS orally and through AIM.

2. The CPAS evaluation accurately documents AIM's strengths and weaknesses. The Systems Programming Division (SPD/ODP) is aware of the few deficiencies identified in the CPAS evaluation. SPD is currently working to improve AIM and is committed to seeing that AIM meets the Agency's needs for an electronic mail system.

3. The area where the DI, and CPAS in particular, could be most helpful to ODP is in AIM user documentation. ODP's usual approach to documenting terminal services has been to provide as much documentation as possible online via "HELP" commands, while keeping printed documentation to the minimum essential to introduce new users to these services. We would appreciate detailed feedback on this approach and on the form and content of current AIM documentation. This will enable SPD and our technical writers to improve the user documentation.

4. Your staff may continue to work directly with [redacted] with regard to AIM. STAT
